SUBJECT Secret Assessment of Lebanon

JACK ANDERSON: Here is a peek into tomorrow's headlines.

Lebanon's a powder keg and the rival factions are lighting fuses faster than the peace keeprs can put them out.

The Central Intelligence Agency has offered this secret assessment -- I am quoting -- Lebanon will remain chronically unstable as long as political power remains unbalanced between Christians and Moslems.

Beirut is full of angry men with guns. I fear some of them will open fire on our Marines.
